Dear Mr President:

I am concerned by politicized ICE raids. Targeting communities with sanctuary policies undermines the legitimacy of Homeland Security. Your order has eliminated enforcement priorities leaving such latitude that some ICE operations now appear motivated by politics rather than security. This targeting appeared to be happening in February and has been further confirmed this week in a federal courtroom in Texas. The resulting terrorization of our communities is weakening our country, damaging our economy and making us less safe.

Please assure me that you will clarify the security function of federal officers.

I am very proud to be a US resident and a large part of that derives from the rule of law.

Sincerely,
Eric Babson
