Dear Mr President:

I am very concerned by attacks on immigrants. This week Secretary Kelly announced a Victims of Immigration Crime Engagement office for ICE. Crime victims deserve the support of society. This office will create far more victims than it will help. By officially singling out immigrants you are supporting those who attack the least established among us. This will increase fear both by and of immigrants and make our society less safe and our country weaker.

Please assure me that you will quash this misguided new government office.

I am very proud to be a US resident and a large part of that derives from our egalitarian society.

Sincerely,
Eric Babson
