Dear Mr President:

I am very concerned by your collusion with terrorists. ICE today arrested Michigan residents for deportation to ISIS. Your vague, yet vicious orders around deportation priorities have today resulted in dozens of your supporters and their families being rounded up. The accusations are ludicrously trivial. The intention of Federal agents is to deport to Iraq upstanding American Christians. This is essentially a death sentence. The result is that ICE will enable ISIS to publicly torture and execute US residents. This is clearly immoral and inhuman. It will also be a publicity coup for a vicious terrorist group you have sworn to oppose. The immigration system has long left many people officially in limbo. Your sudden decision to enforce rules indiscriminately against essentially random individuals is weakening this country.

Please assure me that you will reintroduce appropriate deportation priorities.

I am very proud to be a US citizen and a large part of that derives from the rule of law.

Sincerely,
Eric Babson
