Dear Mr President:

I am concerned about Justice. Friday night before a contentious Tulsa convention someone (General Barr and you each blame the other) removed Attorney Berman from the Southern District of NY office (where he had convicted one and was investigating another of your personal lawyers) trying to replace him with your inexperienced golfing buddy Commissioner Clayton. This is reminiscent of the move that put the CFPB into the hands of Mr Mulvaney which similarly resulted in a day of dueling directors and the firing of Mr Comey which was also blamed on others (General Sessions and Mr Rosenstein). Attorney Berman was among the most likely people to be filing charges next year in your many acts of corruption.

*Please assure me that you will respect the independence of prosecutors.*

I am very proud to be a US resident and a large part of that derives from the promise of equal justice.

Sincerely,  
Eric Babson
