Dear Mr President:

I am concerned about racial profiling.

The thugs at ICE have been targeting Hispanics for arrest without warrants or probable cause. Two judges have already enjoined them to stop using ethnicity and language choice as arrest criteria citing the fourth amendment. The recent supreme court ruling abdicating court authority to issue national injunctions however means that much of the country remains outside the purview of these two rulings. This week Border Czar Tom Homan encouraged this racist behavior in an interview on Fox - tantamount to making it ICE policy. In your previous term Homan was largely responsible for your child separation policy. Spreading such racist terror with government backing will tear our society apart.

*Please assure me that you will fire Mr Homan.*

*My pride in the US derives in part from our civil rights.*

*Sincerely,*

*Eric Babson*
