Dear Mr President:

I am very concerned about your signing poorly conceived and executed orders and memorandums. The 13767 on immigration and 13788 on the environment are examples. Both the intent and execution of these documents will likely be quite destructive to the US.

Please assure me that you will vet any future executive actions more thoroughly.

I am very proud to be a US resident and a large part of that derives from considered rational governmental policies.

Sincerely,
Eric Babson
