Dear Mr President:

I am very concerned about the litmus test you have put on ngos working in health care around the world. Refusing to fund popular and effective programs based on a slight connection to abortion will weaken the moral authority of the US.

Please assure me that you will try to win and hold the hearts and mind of the world.

I am very proud to be a US resident and a large part of that derives from our humanitarian foreign policy.

Sincerely,
Eric Babson
