Dear Mr President:

I am concerned about conflicts of interest between your family business and your administrative duties. Records related to your trust structuring, interference in your daughter's contracts and direct leases with government employees give the impression that you may not be acting in the public interest.

*Please assure me that you will shift your focus to governance.*

I am very proud to be a US resident and a large part of that derives from our long history of honest government.

Sincerely,  
Eric Babson
