Dear Mr President:

I am concerned by attempts to hold others accountable for current government actions. There have been many unfounded attacks on the previous administration: accusations of wiretapping, of choosing the countries from which you banned immigration, of planning the raid in Yemen and of prisoner releases more than a decade ago. If policy makers do not take responsibility for their policies there is no accountability and the country will be weakened.

Please assure me that you will take responsibility for your actions.

I am very proud to be a US resident and a large part of that derives from our responsible government.

Sincerely,
Eric Babson
