Dear Mr President:

I am concerned by arbitrary deregulation. Congress has been removing regulations far too fast to be thinking about the effects. This includes regulations which are very important to a safe and fair society such as internet privacy, retirement investments, dumping of waste and reporting of foreign entanglements. The appearance is that small special interests suggest removing or rewriting a regulation, offer some campaign money and congress complies.

*Please assure me that you will not sign such rollbacks before finding out about their effects.*

I am very proud to be a US resident and a large part of that derives from our government for the people.

Sincerely,  
Eric Babson
