Dear Senator Feinstein:

I am pleased to hear that you support immigrants. Your recent bill to improve immigration regulations around farm workers is very encouraging. You have been at the forefront in trying to keep the terrifying proposals from the republicans in check. It is great to also see you working to fix the unfortunately nebulous and vulnerable state of so many of the members of our community. While it may not be possible to pass this bill it makes a clear statement about where most of us stand.

*Please continue to clearly enunciate a positive vision while holding the line against the degradation of our country.*

I am very proud to be a US resident and a large part of that derives from our egalitarian traditions.

Sincerely,  
Eric Babson
