Dear Senator Harris:

Thank you for holding people to account. The current minority status of rational people in national politics is disheartening. The Presidency, supreme court, both chambers of congress, most governors and most state legislatures are all in the hands of a group with the stated goal and apparent will to tear apart our society. This leaves the bully pulpit of congressional hearings as among the strongest ways to resist. I look to you as our best hope in this regard.

Please assure me that you will continue to forcefully expose the appalling actions of the Trump administration.

I am very proud to be a US resident and a large part of that derives from our government for the people.

Sincerely,
Eric Babson
