Dear Mr President:

I am concerned by obstruction of justice. There is an unfortunate trend with your administration. There are frequent reports of inappropriate contacts. These range from your well publicized meeting with Comey and attempts to call Bharara to Flynn, Kushner and Sessions meeting with Kislyak. For several reasons these revelations give the impression of actions against the public interest. First: they have all been revealed only after official denials. Second: the response has always been to impugn the source but not question the facts. Third: in every case no reason for the meetings was given and unsavory possibilities are obvious. This causes damage to the US government and weakens the country. It reduces confidence, diverts attention from governance and predisposes voters, congress and courts against you.

*Please assure me that you will reduce corruption.*

I am very proud to be a US resident and a large part of that derives from our government of laws.

Sincerely,  
Eric Babson
