Dear Mr President:

I am concerned about conspiracy. Obstructions to the investigation headed by Special Counsel Muller give the impression of something to hide. You have frequently and publicly suggested that General Sessions should be obstructing this investigation - most recently yesterday. Such comments are clearly chilling to the rule of law. Also this week Representative Nunes was recorded at a campaign event touting a conspiracy to obstruct this same investigation. His argument was that republicans should be elected because of their intent to obstruct the Muller investigation by first impeaching Deputy Attorney General Rosenstein and giving General Sessions or you more leeway to appoint someone more amenable to illegally obstructing the investigation. Such a conspiracy involving Representative Nunes and possibly many house members, General Sessions or you clearly merits its own investigation.

Please assure me that you will not obstruct investigations.

I am very proud to be a US resident and a large part of that derives from our honest government.

Sincerely,
Eric Babson
