Dear Mr President:

I am concerned about secretive governance. Your administration has been very opaque from early law suits around visitor logs particularly and FOIA compliance in general, through withholding the reasons for shrinking National Monuments, to most recently keeping most of Judge Kavanaugh's records from Senators. This sneakiness has been particularly troubling around your virulently xenophobic immigration policies. Here your administration has fought in court to hide the rationale behind many decisions including repeated Muslim bans, the termination of DACA and Secretary Nielsen's revocations of Temporary Protected Status for several groups. Faith in government is shaken when the reasons for policies are obviously covered up and blatantly lied about.

Please assure me that you will order full disclosure.

I am very proud to be a US resident and a large part of that derives from our honest government.

Sincerely,
Eric Babson
