Dear Ms Lee:

I am concerned about criminal judges. This administration has been hiring political hacks to powerful nonpartisan positions with the most recent example being Judge Kavanaugh. In this case he is also accused of serious crimes including attempted rape and lying to congress. While much of his record remains hidden by his man either in the Bush library or the oval office, a history of lying during confirmation hearings is apparent. While the focus has been on the Senate, as Deputy Attorney General Rosenstein's detractors have reminded us, you in the House are positioned to draft articles of impeachment against his appellate post. His case is also reminiscent of that of Justice Thomas against whom such articles for sexual harassment would be appropriate. Criminals should not sit in judgement.

*Please assure me you will impeach Judge Kavanaugh and Justice Thomas.* ■

I am very proud to be a US resident and a large part of that derives from the rule of law.

Sincerely,  
Eric Babson
