Dear Mr President:

I am concerned that your trail of corrupt business practices are corrupting our country. Your eponymous ostensibly charitable foundation has never been subtle about its fraudulence but finally this particular vehicle for your family's criminality is shutting down as the indictments against it move toward court. This week also brought to light some of the fraud using All County to launder money and cheat tenants to give you your start along with the sentencing of co-conspirator Mr Cohen as well as two Senate Intelligence Committee reports on your collusion with Russia containing enough detail about the demographics being targeted to make the chance of derailing Secretary Clinton's election virtually nil without their help. While corrupt businessmen are generally unpleasant and best kept behind bars my concern is for the country.

Please assure me that you will resign.

I am very proud to be a US resident and a large part of that derives from our honest government.

Sincerely,
Eric Babson
