Dear Senator Harris:

I am concerned about General Barr. The shocking degree of immorality demonstrated in the child kidnapping policy along with a long history of racist comments and policies make General Sessions difficult to sink below but General Barr is doing his level best. His disdain for the truth, for his duty to the country rather than the President and for the constitutional role of congress are particularly chilling given similar attitudes of many in the cabinet. Thank you for showcasing his mendacity in and around yesterday's Justice Committee hearing. The authoritarian shift in this country must be called out and challenged. As you noted General Barr should surely resign and of course he may well be fired but he should also be impeached and held in contempt.

Please assure me that you will act to remove General Barr.

I am very proud to be a US resident and a large part of that derives from the rule of law.

Sincerely,
Eric Babson
