Dear Mr President:

I am concerned about mass arrests. A society is judged by the treatment of its weakest members. Your attacks on our newest and youngest immigrants is disgraceful. You have left a million people in limbo by canceling DACA. You have had thousands of children kidnapped with your separation policy which is still being sorted out in Judge Sabraw's courtroom. You have weakened attempts to stabilize the northern triangle and worked to terrorize the ensuing flood of young families at our border. Your attacks are weakening law enforcement with fewer U Visa applicants and fewer people willing to talk to police. Your attacks are hurting our aging rural communities as well as our academic and tech hubs as fewer immigrants are showing up. Most repulsive is the latest report that your purge of immigration officials last month was precipitated by their lack of enthusiasm even more vicious plans to round up children across the country.

Please assure me that you will support immigrants or resign.

I am very proud to be a US resident and a large part of that derives from our egalitarian society.

Sincerely,
Eric Babson
