Dear Mr President:

I am concerned about treason. It has been clear since 2016 that you helped Russia undermine the US government by subverting the election and being installed yourself as president despite a clear lack of competence or patriotism. This act of treason has been rehashed by various agencies with Mr Mueller's report the most comprehensive public accounting. Today you clarified that you are pleased with how this all went and will be happy to do it again in the upcoming election. As Speaker Pelosi recently mentioned it is only a matter of time before those shielding you stop finding you useful and step aside so that justice can be served. The sooner you leave office the fewer laws you will break and the better off the the country and world will be.

*Please assure me that you will resign.*

I am very proud to be a US resident and a large part of that derives from our honest government.

Sincerely,  
Eric Babson
