Dear Mr President:

I am concerned about the Supreme Court. In the year since rushed and partisan hearings saddled our court with Justice Kavanaugh he has continued to undermine faith in the system. His predictably partisan approach is apparent in both his census dissent and Republican gerrymander support. The dozens of allegations dismissed based on his new job rather than their merits remain unaddressed. The stonewalling and partisan abuse of the FBI during his hearings has been very slowly unraveling with a new report this week in the New York Times chasing down the failure of the FBI to interview even one of the dozens of witnesses to a sexual assault allegation even as some of the witnesses were trying to contact the FBI themselves. The Times found the corroboration clear and hence Judge Kavanaugh's denials an act of perjury. Fortunately (as the Justice is well aware) there is a process for addressing such cases.

Please assure me that you will act to impeach Justice Kavanaugh.

I am very proud to be a US resident and a large part of that derives from the rule of law.

Sincerely,
Eric Babson
