Dear Senator Feinstein:

I am concerned about corrupt abuse of the Justice Department. Under General Barr like General Sessions before him the Justice Department has failed to focus on upholding the law. Even in his confirmation hearings Mr Barr refused to feel constrained by department ethics officials. His bizarrely staged release of Mr Mueller's report and refusal to uphold congressional subpoenas were a prelude to this past month when he acted to block a whistle-blower's complaint in which he was named. Now he is demonstrating the depths of his corruption by drilling down on harassing Ms Clinton and (like the Ukrainian President) announcing plans to bribe our President through his hotel. Maybe General Barr hopes to remain in government and out of prison.

*Please assure me that you will impeach and prosecute General Barr.*

I am very proud to be a US resident and a large part of that derives from the rule of law.

Sincerely,  
Eric Babson
