Dear Mr Vice President:

I am concerned about bigotry. Mr Miller is among your administration's longest serving advisers having helped purge most of the rest of the immigration team. This week the SPLC reported on his extraordinarily racist views and long term focus on attacking people for being immigrants and not white. It is based on hundreds of his messages from his recent tenure in the office of Senator Sessions. Since your first days in office your administration's policies including a repeated Muslim ban, child separations still being litigated with Judge Sabraw, a wait in Mexico scheme prompting immigration officers to resign in protest and the ending of DACA now before the supreme court are causing great harm to nonwhite immigrants and thereby to the country. These messages remove any doubt that this was and remains intentional.

*Please assure me that you will resign or work to remove Mr Miller.*

I am very proud to be a US resident and a large part of that derives from our civil society.

Sincerely,  
Eric Babson
