Dear Mr President:

I am concerned about entrapment. Last year a number of recruiters for a fake University of Farmington were arrested but it now turns out that the criminal entity which set it up was ICE and the recruiters entrapped by ICE agents. These recruiters then criminally swindled hundreds of students who are in turn being deported by ICE. This fits well with your experience as a scam artist including your own fake University but for a government taxes are more appropriate than grift. The scheme clearly fits the spirit and likely the letter of illegal government entrapment but I worry that the lax judicial oversight of immigration will keep this criminal ICE activity from reaching a courtroom further encouraging agencies to cheat rather than serve the public.

*Please assure me that you will prosecute ICE abuses.*

I am very proud to be a US resident and a large part of that derives from our honest government.

Sincerely,  
Eric Babson
