Dear Mr President:

I am concerned about federal law. General Barr is using the prosecutorial and police powers of the federal government not to reinforce the social contract but to protect you. This is how a racket might be run but not a democracy. He started badly by misrepresenting the report by Mr Mueller. He moved on to investigating the secretive FISA court and the FBI not with an eye to improving transparency or effectiveness or civil liberties but as a smokescreen for your treasonous collusion. He then reprized his Mueller performance by misrepresenting the report by Mr Horowitz. Mr Webster (who served as head of both the CIA and the FBI with presidents from both parties) points out that by firing General Sessions and Director Comey and now threatening to fire Director Wray the independence of these agencies has been compromised and General Barr's corruption can be traced back to you.

*Please assure me that you will resign.*

*I am very proud to be a US resident and a large part of that derives from equal justice.*

*Sincerely,  
Eric Babson*
