Dear Mr President:

I am concerned about terrorized children. My country is now responsible for kidnapping children and holding them as bait to deport their families. This recently revealed but long suspected policy involving information sharing between ICE and HHS is as unlawful as it is immoral. It is prolonging child incarceration which will leave many with lifelong trauma and Jakelin Maquin (7), Filipe Alonzo (8), Darlyn Cordova-Valle (10), Juan Gutierrez (16), Wilmer Vasquez (2) and Carlos Vasquez (16) all dead. We are also violating both national and international asylum law in banishing refugees (MPP) while also making the US more dangerous by creating the chance for criminal groups to copy your technique and kidnap people including children to hold for ransom from others in the US. More than six hundred such attacks have already been reported.

Please assure me that you will reunite children and end MPP immediately.

I am very proud to be a US resident and a large part of that derives from the rule of law.

Sincerely,
Eric Babson
