Dear Ms Lee:

I am concerned about ethics. Mr Nunes has disgraced California and the House of Representatives. Today we learned even more of the tawdry details from the Ukrainian affair and besides the President and various unelected henchmen your colleague Mr Nunes has been deeply implicated - something he until recently denied. The Democratic Coalition has filed a complaint and the congressman has responded largely by threatening news agencies (CNN and The Daily Beast so far). This is not his first scrape with the Ethics Committee but rather than deciding to go clean he has opted to forge ahead with ever more bold acts of deception and political abuse of funds (sneaking out to Europe is more expensive than just over to the White House).

Please assure me that you will act to expel Mr Nunes.

I am very proud to be a US resident and a large part of that derives from our honest government.

Sincerely,
Eric Babson
