Dear Mr President:

I am concerned about exploitation. Around the world many are coerced into work including hard labor and sex work with little choice or prospect for escape and trafficking in such laborers remains substantial here. Victims must feel sufficiently threatened to neither report the exploitation nor escape it and your immigration policies allow traffickers to simply bring refugees into the country and then threaten them with ICE. The clearest example is your attacks on T visas which were designed for such victims and the resulting significant drop in prosecutions. Revoltingly these victims are being exploited further by you and your daughter who claim to be their champions with a photo event planned tomorrow. Groups actually working against human trafficking such as Freedom Network and Polaris are of course boycotting.

Please assure me that you will increase availability of T-visas.

I am very proud to be a US resident and a large part of that derives from our free workforce.

Sincerely,
Eric Babson
