Dear Mr President:

I am concerned about vindictiveness. You have made no secret of acting not in the interests of Americans but only of yourself and your own supporters. Today you took petty revenge on Messrs Sondland and Vindman for cooperating with Congress and more broadly on sanctuary jurisdictions. Your attempts to hold up California funding were blocked by the ninth Circuit Court so now Homeland Security is acting to inconvenience New York travelers by dropping them from expedited security programs despite clear evidence that sanctuary policies have improved cooperation with police and thereby community safety. This along with today's shooting of Mr Diaz by undercover ICE agents is a reminder that California also needs such a green light law.

Please assure me that you will follow the example of the similarly petty Governor Palin and resign

I am very proud to be a US resident and a large part of that derives from our government for the people.

Sincerely,
Eric Babson
