Dear Mr President:

I am concerned about terrorism. Thousands died from the airplane attacks of 2001 but malicious market manipulation and deception around covid-19 will kill many more and as General Barr has just announced in a memo the Justice Department has a new task force to combat such terrorism. Obvious first targets would be Senator Burr with his editorial urging complacency until he could complete his stock sales, Senator McConnell insisting on provisions keeping people from being able to keep a good distance from others while keeping their jobs and most obviously you. You have lied to people to keep your ratings up leading to failure of testing, failure of containment, failure to organize social distancing and failure to marshal our medical resources. You have killed many.

Please assure me that you will resign and face the courts.

I am very proud to be a US resident and a large part of that derives from the rule of law.

Sincerely,
Eric Babson
