Dear Mr President:

I am concerned about elections. Regulation of campaign funding is a cornerstone of conducting fair elections and even the appearance of abuse undermines faith in government. You have solicited direct assistance from Russia and the Ukraine. You have used campaign funds for some of your many personal lawsuits. It now is reported that Director DeJoy has committed massive campaign funding violations through pressuring employees to donate to Republicans with a promise of repayment though bonuses. The resulting millions of illegal dollars in fairly small donations appears to be his main qualification for his USPS post and this report should bring his immediate resignation and investigation.

Please assure me that you will fire director DeJoy for campaign violations.

I am very proud to be a US resident and a large part of that derives from our democracy.

*Sincerely,
Eric Babson*
