Dear Mr President:

I am concerned about elections. Faith that fair elections will yield peaceful change in government rather than requiring insurrection is fundamental to this country. You have acted to quash investigation of Russian fraud. You have hired Mr DeJoy to commit mail fraud. You have backed moves by Mr Kobach to commit electoral fraud. Your son has been working to drum up election intimidation. You have sown doubt about absentee balloting. Today you even claimed that your rush to hire another justice literally over the dead body of Justice Ginsburg is to coopt the court into such fraud and refused to commit to a peaceful transfer of power. Whatever the actual outcome your actions are destroying the essential trust that allows our system to work.

Please assure me that you will resign immediately.

I am very proud to be a US resident and a large part of that derives from our democracy.

Sincerely,
Eric Babson
