Dear Mr President:

I am concerned about terrorism. Purposeful exposure to COVID-19 constitutes terrorism as per a March memo of Deputy AG Rosen. For months you and your entourage have refused to follow CDC recommendations and violated local ordinances to maintain distance and wear masks thereby threatening those around you with possible infection. This week you admitted to having tested positive and to having failed to distance or wear a mask at several events where a number of people fell ill after learning of your exposure. Now your doctor's timeline suggests you already knew that you were infected but went ahead and purposefully exposed others.

Please assure me that you will resign.

I am very proud to be a US resident and a large part of that derives from the rule of law.

Sincerely,
Eric Babson
