Dear Mr President:

I am concerned about transition. Rather than put America first by easing our move to the presidency of Mr Biden you are vindictively tearing the place up. This week Israeli agents assassinated Mr. Fakhrizadeh with tacit US assent leaving the nuclear deal even harder to resuscitate. Wall work has accelerated. COVID relief is being ignored as millions plunge into poverty and Treasury acts to sequester funds. Another group of federal workers has been reclassified and threatened with dismissal. Oil leases are being expedited. The open skies treaty and WHO have been abandoned.

Please assure me that you will avoid sabotage.

I am very proud to be a US resident and a large part of that derives from our government for the people.

*Sincerely,
Eric Babson*
