

MAT 150A, Fall 2015

Homework Assignment 6

Due before the start of the class on Wednesday, November 15

Please read Sections 6.1-6.6 of the textbook before starting on the problem set.

Written Assignment:

Page 188, problems 1.1, 4.1, 5.1, 5.5.

In problem 4.1, x is a rotation by the angle $2\pi/n$ and y is a reflection, see Proposition 6.4.3 for details.

The homework must be legible, and written in connected sentences that explains what you are doing. Just the answer (whether correct or not) is not enough. Please put your name and section number on every page and staple the pages together. Homework should be handed in on time, late homework will not be graded.
