Dr. D. A. Kouba
office: 3135 MSB
office phone: (530) 754-0469
e-mail: kouba@math.ucdavis.edu
My office hours: Variable (Announced in class or sent via UC Davis e-mail)

TA Office Hours: See the Calculus Room link on my Math 16A website.

Math 16A, Fall 2018, 3 credits, section 002, CRN # 28451, 8-8:50 am MWF in 2205 Haring

Course grade based on the following:

Exam 1 (Friday, October 12, 2018) 100 pts.
Exam 2 (Wednesday, October 31, 2018) 100 pts.
Exam 3 (Wednesday, November 28, 2018) 100 pts.
Final Exam (Monday, December 10, 2018, 10:30 am - 12:30 pm in 2205 Haring) 200 pts.
Homework (See below) 0 pts.

Total points 500 pts.

THERE IS A MATH PLACEMENT REQUIREMENT TO BE ENROLLED IN THIS CLASS. PLEASE SEE THE LINK ON MY MATH 16A HOMEPAGE FOR DETAILS.

Homework assignments and solutions, worksheets, supplementary class handouts, practice exams and solutions, a list of basic mathematics formulas, etc., can be found on my Math 16A homepage. ALL IMPORTANT INFORMATION for the course can be found there. Please become familiar with the resources that are available to you there as soon as possible.

Homework will be assigned daily, but will not be collected. It will be your responsibility to do homework regularly and ask for help when you need it.

Generally speaking my office hours are an opportunity for you to ask questions and work on practice problems together with other students. Candy will be provided at no cost.

No make-up exams are given. A missed exam is zero points.

Last Day to ADD: Thursday, October 11, 2018
Last Day to DROP: Tuesday, October 23, 2018
Supplementary on-line calculus resources can be found at: http://www.calculus.org
Additional pre-calculus and calculus workshops and tutoring are offered by Student Academic Success Center (SASC) in Dutton Hall.
I will post problem sets and solutions for our Math 16A class from the following text:

Please note that these are the following choices for you to get text/content material for the course:

1. Use ANY edition (older or newer) of the hardcover textbook.
2. Use a digital version of the textbook.
3. Use no textbook at all and rely on class notes or use of a classmate's textbook.

On the occasion that you might miss class and need class notes or some other way to learn the class material, you should do the following. Get class notes from a trusted classmate, see one of our TA's, or go to the Calculus Room and ask for assistance there. I will not be providing you with any class notes or make-up lectures on those days that you do not attend class.

I will NOT be using Inclusive Access, WebWork, or WebAssign for the course.
