Homework assignments, homework solutions, discussion sheets, class handouts, practice exams and solutions, exam information, study tips, exam solutions, optional extra credit assignments, and more can be found at the Math 17A homepage. ALL IMPORTANT INFORMATION for the course can be found here. Please become familiar with its links and resources as soon as possible.

Homework will be assigned daily, but will not be collected.

It will be your responsibility to do homework regularly and ask for help when you need it.

No make-up exams are given. A missed exam is zero points.

Generally speaking, my office hours are an opportunity for you to ask questions and work on problems together with other students. Candy will be provided at no cost.

Weekly discussion sheets for the Tuesday discussion classes can be found at my Math 17A homepage. These are supplemental problems intended to help you learn the material and prepare for exams. It is your T.A.'s prime responsibility to answer questions about these additional problems in discussion class or office hours. **SOLUTIONS TO DISCUSSION SHEETS WILL NOT BE MADE AVAILABLE.**

October 6, 2016, is the last day to ADD the course.

October 18, 2016, is the last day to DROP the course.

Supplementary on-line calculus resources can be found at my calculus website: <http://www.calculus.org>

Additional calculus workshops, classes, services, and tutoring are offered by the Student Academic Success Center (SASC). Please contact SASC for specific information.
