MATHEMATICAL & PHYSICAL SCIENCES (MPS):
How to Get Involved in Research as an Undergraduate

Wednesday
OCTOBER 12
MU II (2nd floor of Memorial Union)
5:10 - 6:30 p.m.

5:10-5:30 Student short presentations
5:30-6:00 Faculty panel on how to get involved
6:00-6:30 Informal Reception/Q&A

Food and drinks will be provided.

The Division of Mathematical & Physical Sciences invites all students to a discussion on How to Get Involved in Undergraduate Research.

You will have the opportunity to hear from a faculty panel that will provide helpful tips on how to approach a professor about participating in research and advice on what things to consider as you prepare.

Learn from your peers about the kinds of contributions you can make as an undergrad to the ground-breaking research taking place at UCD, as well as their experiences working with faculty and graduate students.

Don't miss out on these valuable insights!
