New Singularity in Space-Time Found

Einstein's theory of general relativity explains gravity as a curvature in space-time. But the theory starts from the assumption that any local patch of space-time looks flat, Temple said. But mathematicians at UC Davis "...show that space-time cannot be locally...

Editorial: Wildlands caught in drug war crossfire - Editorials - The Sacramento Bee
 Pacific fishers, the weasel-like critters that live in California forestlands, have become the latest victim of the U.S. pot war. Over a five-year period, UC Davis researchers found for the first time that 80 percent of dead fishers recovered in remote stretches of the Sierra Nevada had high concentrations of a toxic chemical in their bodies used by professional pesticide applicators to kill rats...
