MATH 16B - SHORT CALCULUS
HOMEWORK 1

INSTRUCTIONS: Read the Syllabus for the class and fill in the answers below.

1. Who is the Instructor of Record for the course?

2. When are Office Hours offered?

3. Suppose Jimmy comes to class only on test days. If he does absolutely no homework at all and aces the midterms and final (gets all the possible points), what percentage will he get in the course?

4. What room are office hours in?

5. How many homeworx will be dropped from your grade?

6. What day is the final on?

7. Can you use your notes on exams?

8. What is the drop date for the course?

9. What is the last day to officially add into the course?

10. When are the midterms?
