Read, Reflect, and React (or Respond) Prompt #3

In school today, tests are the most used tool for evaluating a student's knowledge of a subject. Therefore, being a good test taker is an essential skill to being successful in school, especially in mathematics. One of the most important aspects of being a good test taker is having a good preparation scheme. There are many schemes out there, and I want you to take a minute and think of your personal scheme and answer the following question:

1. What is your preparation scheme for your first Calculus exam?
