

MAT21C Written Assignment
Due Monday, 8/28

Read, Reflect, and React (or Respond) Prompt #11

Last week I got a chance to judge you as students of Calculus by giving you a midterm and now it's your turn to judge me by filling out this midterm evaluation. As a student one of my favorite hobbies in class was to judge my professors, analyzing their strengths and weaknesses, and I know that each of you has a judgment of me. Remember, even though you consider me the teacher, I'm a student of teaching and am striving to become a better teacher. So I would like you to think about your personal judgment and fill out the following evaluation:

1. If you were to assign a letter grade (A, B, C, D, F) to my teaching performance, what would it be?

2. Please comment on things you like or dislike about the class.
