

MAT21C Written Assignment
Due Thursday, 8/31

Name _____

Read, Reflect, and React (or Respond) Prompt #13

Now that the second midterm is coming up (Thursday 8/31), it is time to think about what skills you need to be proficient at to do well on the exam. While studying for an exam, I would always guess what questions were going to be on the exam based on what the professor focused on in class and homework. I would like you to try this by responding to the following:

1. List ten problems that you believe that could be on the second midterm. For example, one of the problems could be 'finding the equation of a plane'.
